My Personal Site

If you are reading this then most likely you are already on my own personal site. In this site you will find information about myself such as some projects I made, hobbies, skills, and even my experience.

About Me

Background

Hey there, my name is Johnny. Im a very passionate for learning about programming and computer science. Blockchain, cryptocurrency and real estate are also very interesting topics for me.

I am currently a sophomore at the New Jersey Institute of Technology and will be graduating Spring 2023.

I am from Ecuador but I was born in Newark, NJ and I am the first in my family to go to college.

Experience

- Google STEP internship - upcoming summer 2021
- Member of my High School Robotics Club. We programmed a robot using java and took it to competitions. As individuals and as a team we learned valuable programming experience.
- Crew Member at Dunkin Donuts

Skills

- Knowledgeable in: Java, Python, JavaScript, HTML, CSS, and Bootstrap
- I use software tools such as: Git, GitHub, VS Code, Eclipse, WebStorm, IntelliJ IDEA
- Some skills I posses include: Object Oriented Programming, Data Structures, Command Line/Terminal Commands, Web Development, Search and Sort Algorithms

Hobbies

- I like to play sports. Mainly volleyball and soccer.
- I dont play many video games but I do play Minecraft and Among Us
- I like to learn new software technologies or programming languages
